INTRODUCTION

As a designer and developer, I seek minimalism and simplicity. I love to problem solve and enjoy the process of creating functional elegance. After successfully running my own business for 5 years, I'm ready for a change of pace.

I'm a firm believer that the best work comes through teamwork and cooperation. I am seeking an environment where I can contribute my unique set of skills and knowledge, while also benefiting from the skills and knowledge of those around me.

EDUCATION

2004 - 2008

B.A. University of Denver

Seattle Web Awards
Best Food/Drink Website 2011

"A well-designed site that makes you want to eat a Homegrown sandwich. Now."

PERSONAL

There's nothing better than enjoying a home cooked meal with family & friends. I love physical challenge. Climbing, skiing, soccer and biking are some of my favorite activities.
